

Provide Hope – Become a Partner in Caring!

Partners in Caring offer hope to low-income seniors who wish to continue living independently in their homes, neighborhoods and communities. Partners in Caring support ElderHelp's geriatric care managers who are specially trained to provide the unique assistance that seniors and their families need, but cannot afford on their own. By joining ElderHelp as a Partner in Caring, you can help a senior stay safe and comfortable at home rather than face institutionalization.

Since 1973, ElderHelp has provided social services to San Diego's growing population of seniors who live on fixed incomes, have limited support and endure the physical limitations that often come with advanced age—a combination that limits their ability to remain independent and living in their own homes. With a small, dedicated staff and a corps of over 300 volunteers, ElderHelp offers an array of programs to assist seniors and their families with a wide range of essential activities.

It costs ElderHelp \$10 per day to help a senior stay safe and comfortable at home compared to an average of \$191 per day for a nursing home. Help make a difference in the life of a senior!

- Option 1:** One time gift \$ _____
 I pledge to pay \$ _____ per month / quarter / year (circle one)
